

## News from Kindergarten November 10<sup>th</sup>-14<sup>th</sup>, 2008

### Shape Circus

Our Shape Circus proved to be a success! Thank you to ALL of you who came out to help in all sorts of ways! We really could not have done it without you. The kindergarten students asked me the next day when our next circus date was. (I had to remind them gently that we have one circus a year, but in the spring we will have an Insect Carnival ☺) Now we are Shape “experts”! Thanks again for all your support, hands, help, time and efforts with this fun and learning circus!

### Thankful Turkeys \*

In your child’s folder tonight there is a family feather project. We have a “naked” (without feathers) turkey in our hallway waiting to be dressed. We ask that you, as a family, design your turkey feather to show what you are thankful for during this Thanksgiving season. Please return this feather on Thursday November 20<sup>th</sup> so we can dress our turkey. We can’t wait to see your family’s creativity!

### REMINDERS

- November 19<sup>th</sup> Wednesday: Early Release Wednesday
- November 21<sup>st</sup> Friday: November Birthday Assembly 8:45
- November 26<sup>th</sup>: MATH LABS (P.M.)
- November 27<sup>th</sup> and 28<sup>th</sup> THANKSGIVING BREAK/ No School

### Star of the Week

Avery was our STAR of the week this week. He was very excited to hear the news last Wednesday and quickly arrived Monday morning to hang up his poster. Avery’s whole family ate lunch with him on Thursday in the cafeteria. On Friday, they read us one of Avery’s favorite books from our class. Avery’s friend Ioannna said, “Avery is nice”. Congratulations Avery on being such a STAR!

### Gingerbread Houses

We will be making gingerbread houses with our preschool friends on Friday December 5<sup>th</sup>. We will need various candies to decorate our houses. If you would please send in one bag of treats to help decorate our houses, it would be much appreciated. We are looking for peppermints, M and M’s, marshmallow trees/stars/mini, pretzel sticks, coconut, small gum drops, small candy canes, etc. If you would like to help make gingerbread houses on that day, you are welcome as well. Just send me an email if you are interested in joining us so we can have it set up for all to who want to participate. Thank you!

### WANTED: MATH LAB Helpers

On Wednesday November 26<sup>th</sup> the entire school will be participating in a Math Lab afternoon in the Great Hall. We need approximately 10 parents to help run each center. If you are willing to share your time from 1:00-2:30ish, please let me know.
